

the Council's deliberations, rationale, and analysis for the preferred action, and the time and place for any subsequent Council meeting(s) to consider the new measure. At subsequent public meeting(s), the Council will consider public comments and other information received to make a recommendation to the Regional Administrator about any new measure. NMFS may implement the Council's recommendation by rulemaking if approved by the Regional Administrator.

§ 665.54 Five-year review.

The Council, in cooperation with NMFS, will conduct a review of the effectiveness and impacts of the NWHI management program, including biological, economic, and social aspects of the fishery, by July 1, 2001.

Subpart E—Bottomfish and Seamount Groundfish Fisheries

SOURCE: 61 FR 34572, July 2, 1996, unless otherwise noted. Redesignated at 71 FR 17989, Apr. 10, 2006.

§ 665.61 Permits.

(a) *Applicability.* (1) *Northwestern Hawaiian Islands (NWHI).* The owner of any vessel used to fish for, land, or transship bottomfish management unit species shoreward of the outer boundary of the Northwestern Hawaiian Islands subarea must have a permit issued under this section, and the permit must be registered for use with that vessel. The PIRO will not register a single vessel for use with a Ho'omalau Zone permit and a Mau Zone permit at the same time. Mau Zone permits issued before June 14, 1999, become invalid June 14, 1999, except that a permit issued to a person who submitted a timely application under paragraph (b)(3) of this section is valid until the permit holder either receives a Mau Zone limited entry permit or until final agency action is taken on the permit holder's application. The Ho'omalau Zone and the Mau Zone limited entry systems described in this section are subject to abolition, modification, or additional effort limitation programs.

(2) *Pacific Remote Island Areas (PRIA).* The owner of any vessel used to fish for, land, or transship bottomfish man-

agement unit species shoreward of the outer boundary of the Pacific Remote Island Areas subarea must have a permit issued under this section, and the permit must be registered for use with that vessel.

(3) *Guam large vessel.* The owner of any large vessel used to fish for, land, or transship bottomfish management unit species shoreward of the outer boundary of the Guam subarea must have a permit issued under this section, and the permit must be registered for use with that vessel.

(4) *Main Hawaiian Islands non-commercial.* The owner of a vessel that is used for and any person who participates in non-commercial, vessel-based fishing, landing, or transshipment of bottomfish management unit species in the Main Hawaiian Islands Management Subarea is required to obtain a Main Hawaiian Islands non-commercial bottomfish permit or a State of Hawaii Commercial Marine License. If one or more persons on a vessel-based bottomfish fishing trip holds a Main Hawaiian Islands non-commercial permit, then the entire trip is considered non-commercial, and not commercial. However, if any commercial fishing occurs during or as a result of a vessel-based fishing trip, then the fishing trip is considered commercial, and not non-commercial. Charter boat customers are not subject to the requirements of the section.

(b) *Submission.* (1) An application for a permit required under this section must be submitted to the PIRO as described in § 665.13. (2) *Ho'omalau Zone limited access permit.* In addition to an application under § 665.13(c), each applicant for a Ho'omalau Zone permit must also submit a supplementary information sheet provided by the PIRO, which must be signed by the vessel owner or a designee and include the following information:

(i) The qualification criterion that the applicant believes he or she meets for issuance of a limited access permit;

(ii) A copy of landings receipts or other documentation, with a certification from a state or Federal agency that this information is accurate, to demonstrate participation in the NWHI bottomfish fishery; and
